14th January 2026

Dear Parent / Carer,

Heating Update

Further to our letter dated 8th January 2026, I am writing to update you on the current information regarding the boiler, and in turn the heating, in school.

All the necessary flue works on the chimney were carried out yesterday, Tuesday 13th January. The heating engineers from Derbyshire County Council attended our site in the afternoon to carry out the final maintenance work to pipe and power up the system. The boiler is now up and running and we are pleased to notify you that the school is again nice and toasty. Please bear with us though as calibrations to the system are made over the next few days to enhance the heating across school.

A big thank you to the heating engineers from Derbyshire County Council for all their hard work in the prompt installation of the new boilers, as soon as practicable, on receipt of all the parts required.

Kind regards,

Mrs Jane Melbourne
School Business Manager
