## What our school does...

Anybody who works at our school will be checked by the DBS to make sure that they are safe to work with children.

Our school has five Designated Leads for Safeguarding, who have had lots of training to identify what to do if there is any concerns and they train all of our teachers.

Our school has an electronic sign in system and locks on the external doors and gates.

Our school teaches us how to keep ourselves safe. Our lessons include, healthy eating, anti-bullying, online safety, road safety, fire safety, water safety and how to report abuse/concerns if we are worried about our safety.

## What our parents do...

Parents are one of the most important people to keep us safe they should:

- Talk to school if they need help or support.
- Let school know if their child has a medical condition or is off school sick.
- Let school know of any court orders
- Let school know if there is any change in circumstance such as house move, new contact details, change of name, change of parental responsibility.
- Let school know who will be dropping off and picking up or of any additional changes to arrangements.
- Ensure the school has two contact numbers for their child

## What should I do...

- Tell an adult I trust straight away.
- Keep all messages for evidence
- Don't keep worries to yourself
- Try to stay calm
- Try to ignore the person
- Report anything that worries me

## What should I not do...

- Do not keep worries to myself
- Do not get angry or upset.
- Do not delete messages, block it, don't open unknown links/attachments
- Do not be nasty or unkind back
