

**Spire Junior School**

**Equalities Policy**

**Introduction**

Spire Junior School is an inclusive school where we focus on the well-being and progress of every child and where all members of our community are of equal worth.

We believe that the Equality Act provides a framework to support our commitment to valuing diversity, tackling discrimination, promoting equality and fostering good relationships between people. It also ensures that we continue to tackle issues of disadvantage and underachievement of different groups.

### **Purpose of the policy**

The Equality Act 2010 was introduced to ensure protection from discrimination, harassment and victimisation on the grounds of specific characteristics (referred to as protected characteristics). This means that schools cannot discriminate against pupils or treat them less favourably because of their gender, ethnicity, disability, religion or belief, sexual orientation, age or any other protected characteristics. The Act requires us to comply with two specific duties;

1. The Public Sector Equality Duty or 'General Duty' to
  - eliminate discrimination,
  - advance equality of opportunity
  - foster good relations
2. Two 'Specific' Duties
  1. Publish information to show compliance with the Equality Duty.
  2. Publish Equality objectives.

This policy describes how the school is meeting these statutory duties and is in line with National guidance. We are guided by the following seven principles

**1. All learners are of equal value** – whether or not they are disabled, whatever their ethnicity, culture, religious affiliation, national origin or national status, whatever sexual orientation, whatever their gender

**2. We recognise and respect difference** – treating people equally does not involve treating them all the same. Our policies, procedures and activities must not discriminate but be differentiated as appropriate to take account of differences of life experience, outlook and background and in the kinds of barrier and disadvantage which people may face in relation to

- Disability so that reasonable adjustments are made

- Ethnicity, so that different cultural backgrounds and experiences of prejudice are recognised
- Gender, so that the different needs and experiences of girls and boys, women and men are recognised

**3. We foster positive attitudes and relationships** – we actively promote positive attitudes and mutual respect between groups and communities, different from each other

**4. We foster a shared sense of cohesion and belonging** – we want all members of our school community to feel a sense of belonging within the school and wider community and to feel that they are respected and able to participate fully in school life

**5. We observe good equalities practice for our staff** – We ensure that policies and procedures benefit all employees and potential employees in all aspects of their work, including in recruitment and promotion, and continuing professional development

**6. We have the highest expectations of all our children** – we expect that all pupils can make good progress and achieve to their highest potential

**7. We work to raise standards for all pupils but especially for the most vulnerable** – we believe that improving the quality of education for the most vulnerable groups of pupils raises standards across the whole school

## **Policy Commitments**

### **1. Promoting Equality : Curriculum**

We aim to provide all our pupils with the opportunity to succeed. To achieve this we will ensure

- the use of images and materials which positively reflect a range of cultures, identities and lifestyles

### **2. Promoting Equality : Achievement**

There is a consistently high expectation of all pupils regardless of age, gender, ethnicity, ability, social background and sexual orientation. To secure the best possible outcomes we recognise that

- Adults in school will be expected to provide good, positive role models in their approach to all issues relating to equality of opportunity
- It is important to identify the particular needs of individuals and groups within the school and to use targeted interventions to narrow gaps in achievement
- A range of teaching methods is used throughout school to ensure that effective learning takes place at all stages for all pupils
- It is vital to collect data and monitor progress and outcomes of different groups of pupils and use this data to support school improvement

- We strive to achieve a feeling of openness and tolerance which welcomes everyone to the school
- At Spire Junior School we are aware that those involved in the leadership of the school community are instrumental in demonstrating mutual respect between all members of the school community. Displays in and around school aim to reflect diversity across all aspects of equality
- Reasonable adjustments will be made to ensure access for pupils, staff and visitors with disabilities
- Provision is made to cater for the cultural, moral and spiritual needs of all children through the planning of assemblies, classroom based and off site activities
- Pupil views are actively encouraged and respected for example through school council and pupil surveys

### 4. Promoting Equality : staff recruitment

- Posts are advertised formally and open to the widest pool of applicants
- All those involved in recruitment are appropriately trained
- Equalities policy and practice is covered in all staff inductions
- Employment policy and procedures are reviewed regularly to check conformity with legislation and the impact of policies are kept under regular review

- The school counters and challenges all types of discriminatory behaviour and this is made clear to staff, pupils, parents and governors
- The school has a clear procedure for dealing with prejudice related bullying incidents. We take seriously our obligation to report regularly to the local

authority about the numbers, types and seriousness of prejudice related incidents at our school and how they are dealt with
